1- The cadet program

The Canadian Cadet Program is a national organization that aims to develop youth leadership skills in addition to promoting responsible citizenship and physical fitness, within an environment that stimulates an interest for the Canadian Force. Cadets are not members of the Canadian Armed Forces.

The Program offers challenges, camaraderie and adventure. Cadets will allow you to broaden your horizons and give you the opportunity to get involved in the community.

2- 555 Maple Leaf Squadron

555 Maple Leaf Squadron was founded 65 years ago. At this squadron, we will take the necessary steps so that you can achieve the objectives of the cadet program. The training program that is offered will help you to develop the personal and social skills.

4- Our weekly training

Our mandatory activities are held once a week, on Wednesdays from 18:30 to 21:15, for the duration of the school year.

This year, all the optional activities will take place on Saturdays between 9:00 and 17:00 . Certain activities can take place on another day of the week due to availability of rooms.

5- Wednesday night schedule

Here is the schedule of Wednesday night. Considering that many cadets take public transit to return home, we strive to conclude the evening at the latest at 21:15.

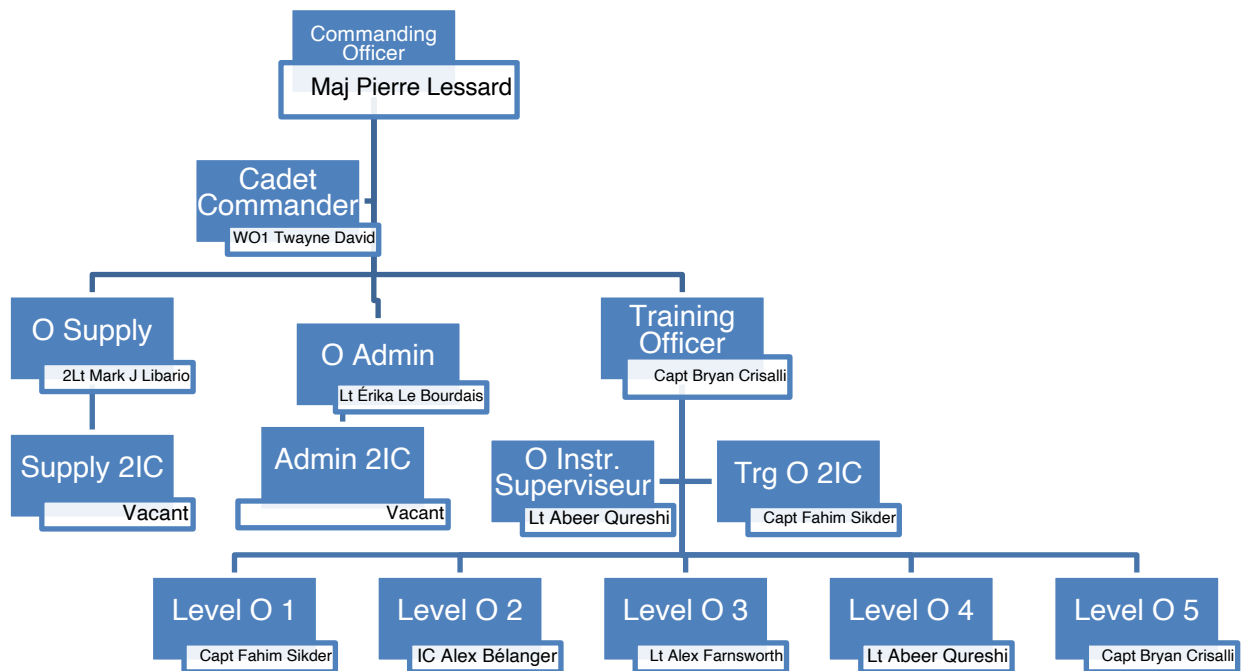

18:30 : Cadets arrival
19:00: First period
19:35 : Second period
20:05 : Big Break
20:20 : Third period

6- The personals

Cadet Instructors (CIC). These people are reserve officers trained by the Canadian Armed Forces to work with youth. Most of these officers are former cadets. These officers are students (CEGEP, university) and / or work full time in various fields.

There are also the civilian instructors (volunteers) who are mostly former cadets and have the desire to continue to engage with the young cadets. In some cases, if possible, some volunteers choose to get enrolled in order to become a CIC officer.

All the adults who are in charge of the cadets go through a security screening administered by the Montreal Police Service (SPVM). This procedure is mandatory and renewed frequently.

Level Officers :

Level 1	Captain Fahim Sikder	N/A
Level 2	Civilian Instructor Alexandre Bélanger	N/A
Level 3	Lieutenant Alexandre Farnsworth	N/A
Level 4	Lieutenant Abeer Qureshi	Civilian Instructor Tal Kaplan
Level 5	Captain Bryan Crisalli	Civilian Instructor Danisha Decius

7- The civilian committee

This committee consists of parents and the President is Mrs. Mathilde Petibon. This group committee of parents deals with certain issues in the squadron, such as finances, search for rooms, shopping, etc.

If your parents want to be involved in this committee or if they have some time to offer, they can come and meet with the committee every Wednesday night.

Sponsor Committee's Point System

The score of the points system of the Sponsoring Committee demonstrates the involvement of cadets in the effort of financing the unit and their social involvement through participation in community activities or promoting Cadet Program. This score will be considered for the year-end awards: medals and trophies.

For the year 2019-2020, the points will start being accumulated as of July 1, 2019 till the 1st of May 2020.

L'Auto-Cadet Tickets (Mandatory):

1\$= 1 point.

For a cadet without a voluntary contribution of \$100:

The points will start to accumulate after selling 5 booklets.

For a cadet with the voluntary contribution of \$100:

The points will start to accumulate from the first ticket sold.

Candidates for the national camps must sell a minimum of 60 l'Auto-Cadet tickets (5 booklets of 12) in order to apply for a national camp.

If a cadet does not sell 60 l' Auto-Cadet tickets tickets, his/her application for a summer camp will be considered after the cadets who have met the minimum requirement.

Chocolate sale:

2\$ of sale = 1 point

Bagging:

1 hour of wrapping = 5 points

Visibility for Inscription:

Bring a friend who stays at least 6 months in cadets = **20 points**

Participate in the inscription campaign = **20 points**

Volunteering: (Extra hours done with the Squadron)

1 hour of volunteering = **5 points**

8- The Canadian Grenadier Guards and The 306 Wing

Our squadron has the privilege to use the facilities of the Regiment of Canadian Grenadier Guards. Being located at the military installations, we have free access to facilities. We must at all times respect the places and clean after each activity.

The 306 Wing is an association of former members of the Royal Canadian Air Force. Some of them took part in the Second World War. For many years, this organization offers a monetary support.

9- Our expectation to you

As a cadet of 555 Maple Leaf Squadron, you will work as a team member. By cooperating with other cadets and cadet instructors, you can accomplish almost anything you want.

Remember that the commanding officer, and the entire cadet corps personnel are also volunteers just like you. They work, are graduating or have other commitments. Therefore, they need your full support and cooperation that you can give them.

You can help by doing the following:

- Participate in mandatory instruction evenings (Wednesday evening)
- Participate in mandatory Field trip exercises (2 per year)
- Participate in at least one optional activity
- Participate in fundraising (do your part)
- Be on time
- Keep your word
- Have a nice outfit
- Follow the instructions
- Have good manners and respect others
- Stay physically fit
- Be a good citizen

10- Participation in our activities

At the squadron, we work with young people and we know their reality. To promote fairness, at the awards and summer camps, we consider first the attendance at mandatory activities of our instructional program. We also evaluate participation in community services and fundraising.

Obviously, a cadet who participates in all mandatory activities and a few optional activities is more likely to win awards for commitment to the unit. However, he / she will not have more chances to get a cadet summer camp than a cadet who strictly participated in the mandatory activities.

Description of mandatory, complementary and optional activities

A mandatory activity is an activity where the cadet must appear for a successful level. By participating, the young increase his chances to earn different rewards. Examples of mandatory activity: every Wednesday night, one field exercise per year, one community service activity, etc.

A complementary activity is an activity which is highly recommended, but not mandatory. This activity allows the cadet to enrich the knowledge gained during the compulsory activities. Examples of complementary activities: Parade of the Battle of Britain, Christmas dinner with CGG, 2nd field exercise, etc.

An optional activity is an activity that is chosen by the cadet, according to its interests. The squadron offers several optional activities. It is strongly recommended that the young choose at least one optional activity. These activities allow the cadet to participate in competitions throughout the year and to put into practice their learning compulsory and supplementary program in a pleasant environment and competitive opportunity. The list of optional activities:

- Sports
- Ground school (aviation)
- Music
- Military march (drill team)
- Marksmanship Team
- Biathlon
- Public speaking

The activities offered can vary from year to year depending on various factors.

Instruction Scoring system

The instruction scoring system is based on participation and performance. It will serve as the basis of the evaluation of the selection for the summer camps other than the national camps and for awards such as medals, trophies, months younger, reward type activities, etc. The instruction of the scoring system is as follows:

Inspection	Statistics based on day to day inspections	20%
Presences	Statistics proceeding from Fortress	
	Mandatory activities	30%
	Complementary activities	15%
	Optional activities ¹	10%
Fund raising ²	Statistics based on the scoring system of the Respondents Committee.	15%
Behavior	According to the warnings and filled sheets	10%
	Everyone has 10 points in the beginning	
	Minor disciplinary warning = minus 5 points	
	Major disciplinary warning = minus 10 points	
Total score		100%
Bonus	Appreciation Card (AC) approved by Level O. 2 Points for each AC for a maximum of 10 points in total.	10 points

Total with the bonus

110 points

¹ If the number of optional activities exceeds 2:
 Combined presence rate between 60% and 79.99% = 1 additional bonus point
 Combined presence rate 80% and up = 2 additional bonus point.

² If a cadet did not participate in the Auto-Cadets campaign and did not make the \$ 100 voluntary contribution, the cadet must accumulate 100 points in additional fund raising for the 60 points indicated. 3 points will be deducted for each additional 20 points not accumulated by the fund raising. Example: A cadet has 35 points in packaging and 45 points in chocolate, 40 points in visibility campaign for a total of 120 points. The cadet has 80 points in fund raising (35 + 45) and will be deducted 3 penalty points since he has not reached the minimum of 100 points in fund raising. His total score for fund raising will be 12/15.

Instruction Scoring system (Continues):

A cadet who has received a minor disciplinary warning will be able to gain back his/her 5 points if he/she has a presence rate of 80% and a good behavior for the following 3 months upon receiving the warning according to his level officer.

A cadet who has received a major disciplinary warning will not be able to gain his/ her points and will not have access to the bonus points for the year.
