

# Squadron Maple Leaf 555

## 2024-2025 Contribution

At the beginning of each year, all cadets in the Squadron must contribute a minimum amount to validate their registration with the League to help cover some of the fees that are not paid by the National Defense. This amount covers the full year and finances, among other things, a portion of the activities in which cadets will participate throughout the year and all supplies the Squadron needs.

## 2024-2025 Contribution

### Presentation of the responding committee:

Our mission as a sponsoring committee is to take care of the financing. Our volunteer members, most of whom are parents, take the development of the young people of the Squadron to heart. Each year we must carry out fundraising activities to collect the necessary sums so that they can participate in sporting events, competitions and educational outings related to aviation, piloting, sport, biathlon, music, public speaking and volunteering in the community. We also have to assume the rental of additional premises when necessary, the maintenance of musical instruments, providing the canteen for the cadets on Wednesday evenings because many cadets arrive just after school without having eaten, as well as the organization of the Annual Parade. We also reward cadets to encourage them to surpass themselves. All the activities offered by the Squadron also provide the cadets with mental support, the opportunity to make friends (other than virtual ones), moral support if they need to come and talk about problems of all kinds, which is very important in our time to maintain good mental health.

For the proper functioning of the Squadron, we need your financial help. Any donation or sponsorship is welcome and highly appreciated.

If you would also like to get involved in the committee, please give us your contact details so that we can get in touch with you:
