

555 Maple Leaf Squadron 2026-2027 Contribution

At the beginning of each year, the Squadron must contribute a minimum amount to the Aviation Cadet League for each cadet registered. This amount covers the full year and helps finance, among other things, a portion of the activities in which cadets will participate throughout the year. All given donation will be greatly appreciated.

Presentation of the sponsoring committee:

Our mission as the sponsoring committee is to take care of the Squadron's financing. Our volunteer members, most of whom are parents of cadets, take the well-being of our youth to heart. Every year, we carry out fundraising activities to collect the necessary funds so that cadets can participate in sporting events, competitions and educational outings related to aviation, piloting, sport, biathlon, music, public speaking and volunteering in the community. The fundraising also covers the cost of renting additional premises when necessary and the maintenance of musical instruments. We provide a canteen service for the cadets on Wednesday evenings, seeing as many come directly from school without having eaten, as well as various rewards throughout the year to encourage our cadets to surpass themselves. Our year culminates with the organization of the Annual Parade, a well-loved event for the cadets and their families.

All the activities offered by the Squadron bring the cadets the opportunity to make new friends in a courteous environment, while offering them moral support should they need it. We help with the development of healthy life habits, both physically and mentally and believe that the sense of community thereby provided offers an ideal base for our youth to leap from and realize their full potential.

We need your financial help to ensure the proper functioning of the Squadron. Every donation or sponsorship will be welcomed and highly appreciated. If you'd like to get involved with the committee, please give us your contact details so that we can get in touch with you:
